

Annexe 4 – Rechargement dans le cadre du scénario 2

Localisation des profils transversaux

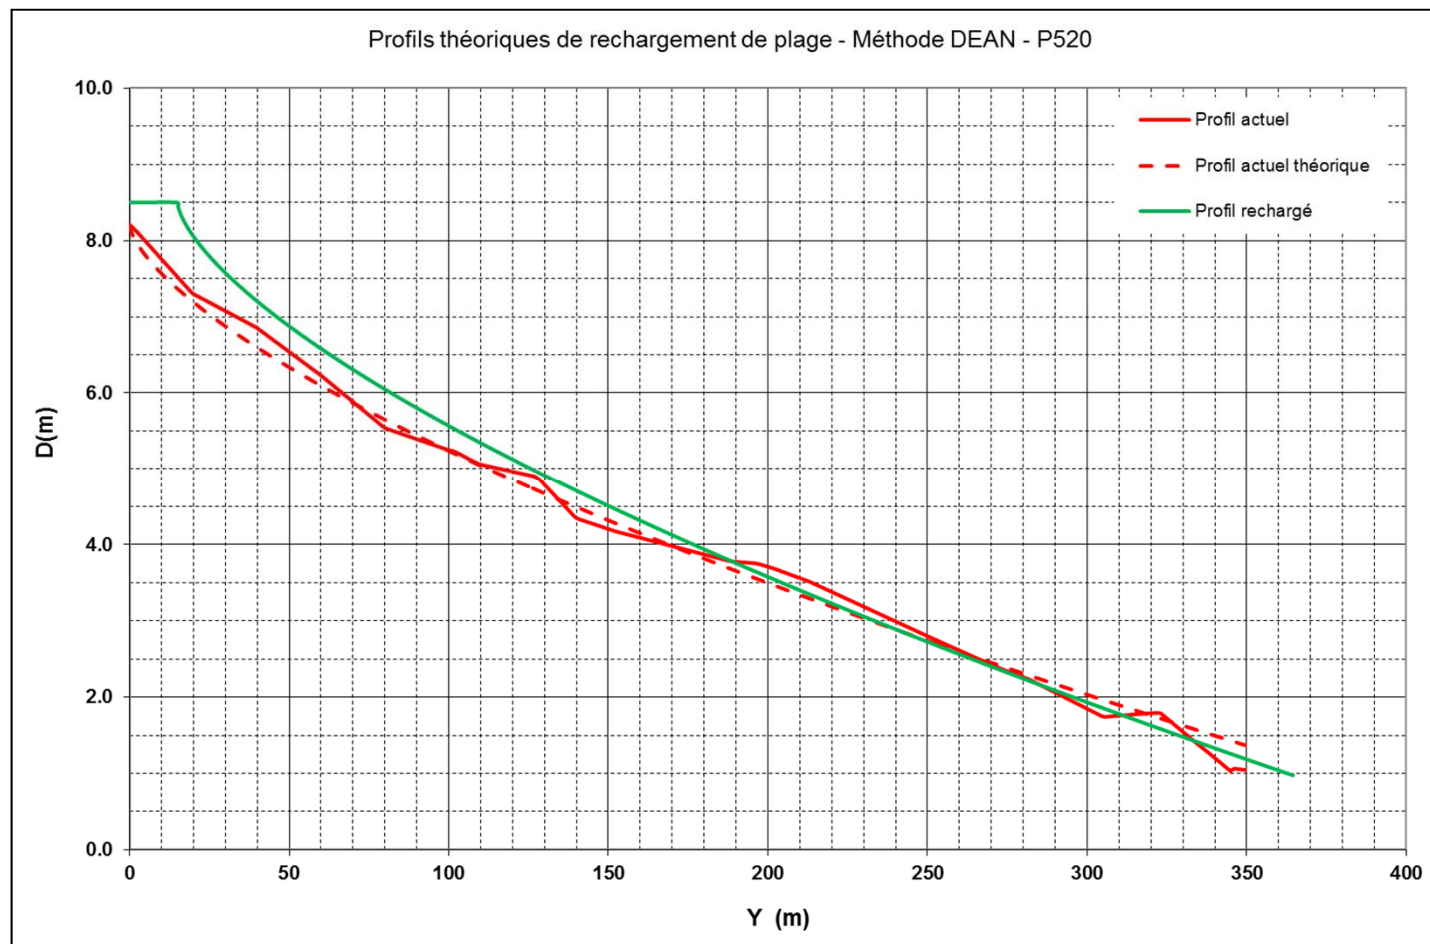

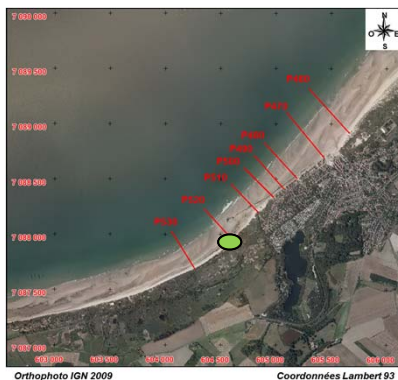

Profil de rechargement théorique P530 – Sc2

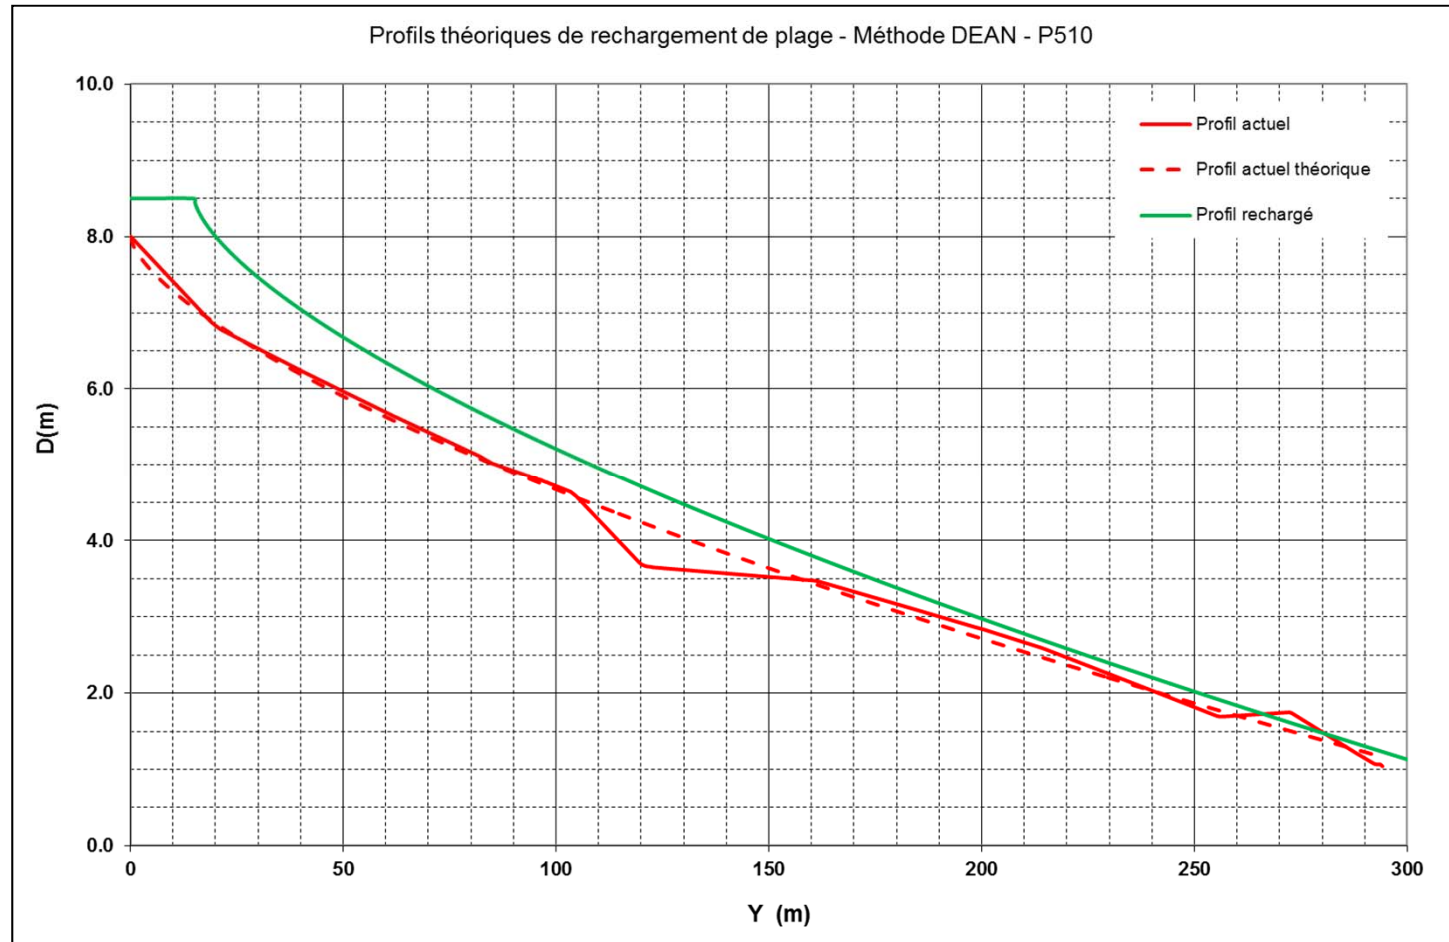

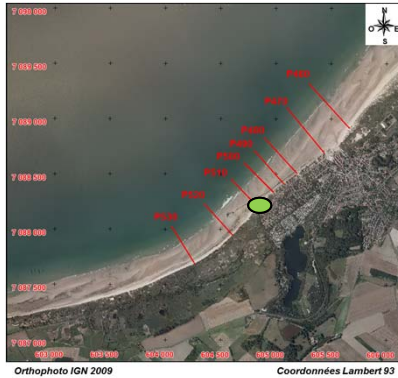

EGIS (2014)

Profil de rechargement théorique P520 – Sc2

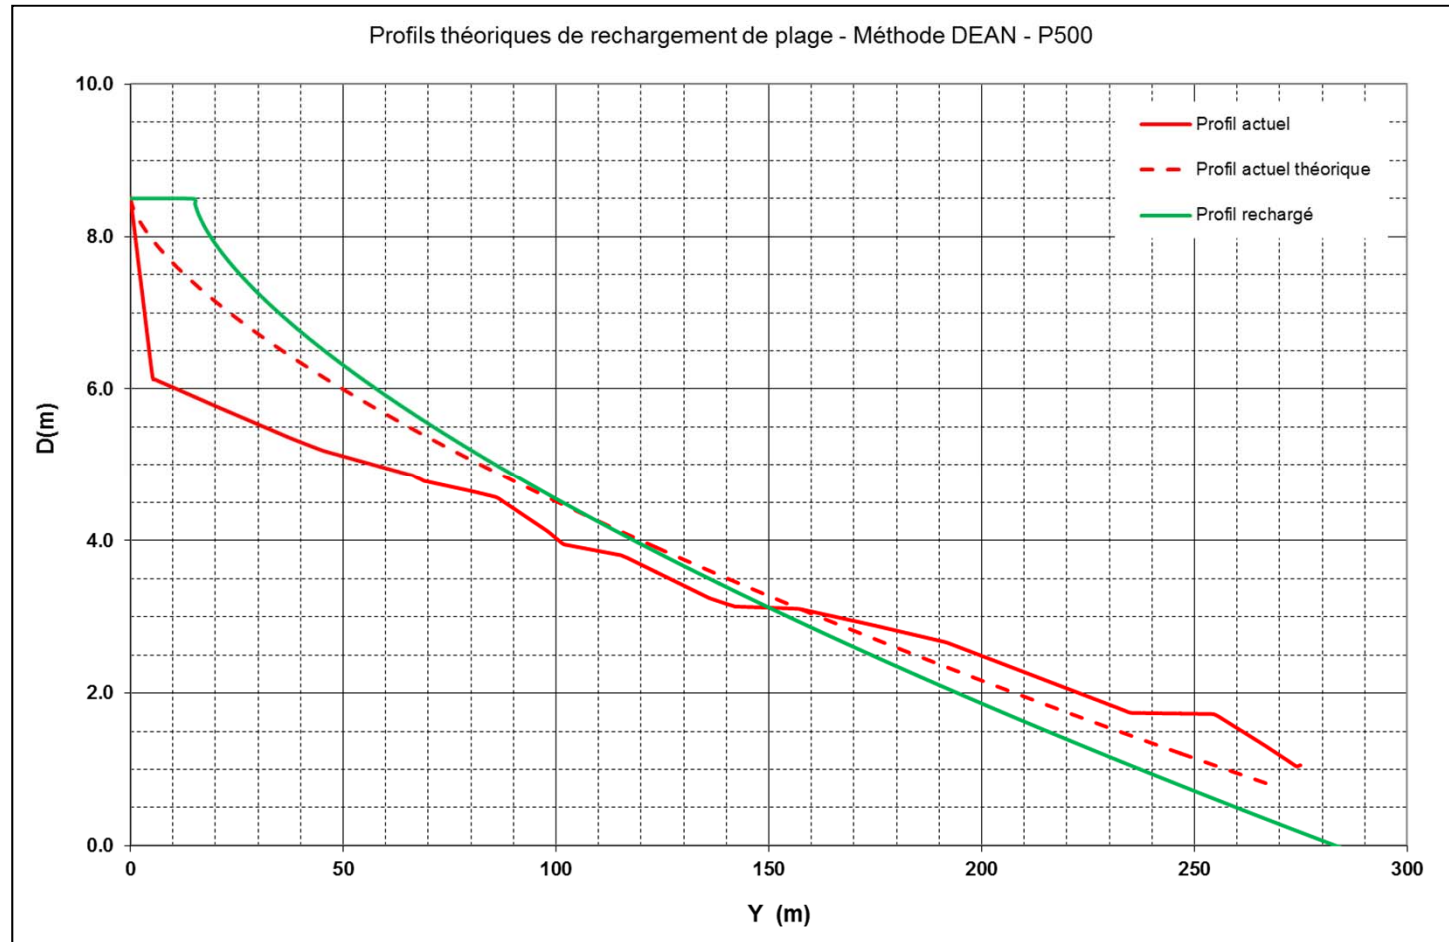

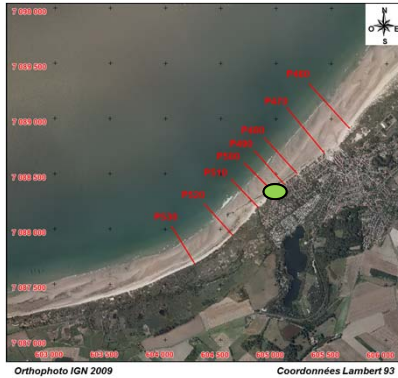

EGIS (2014)

Profil de rechargement théorique P510 – Sc2

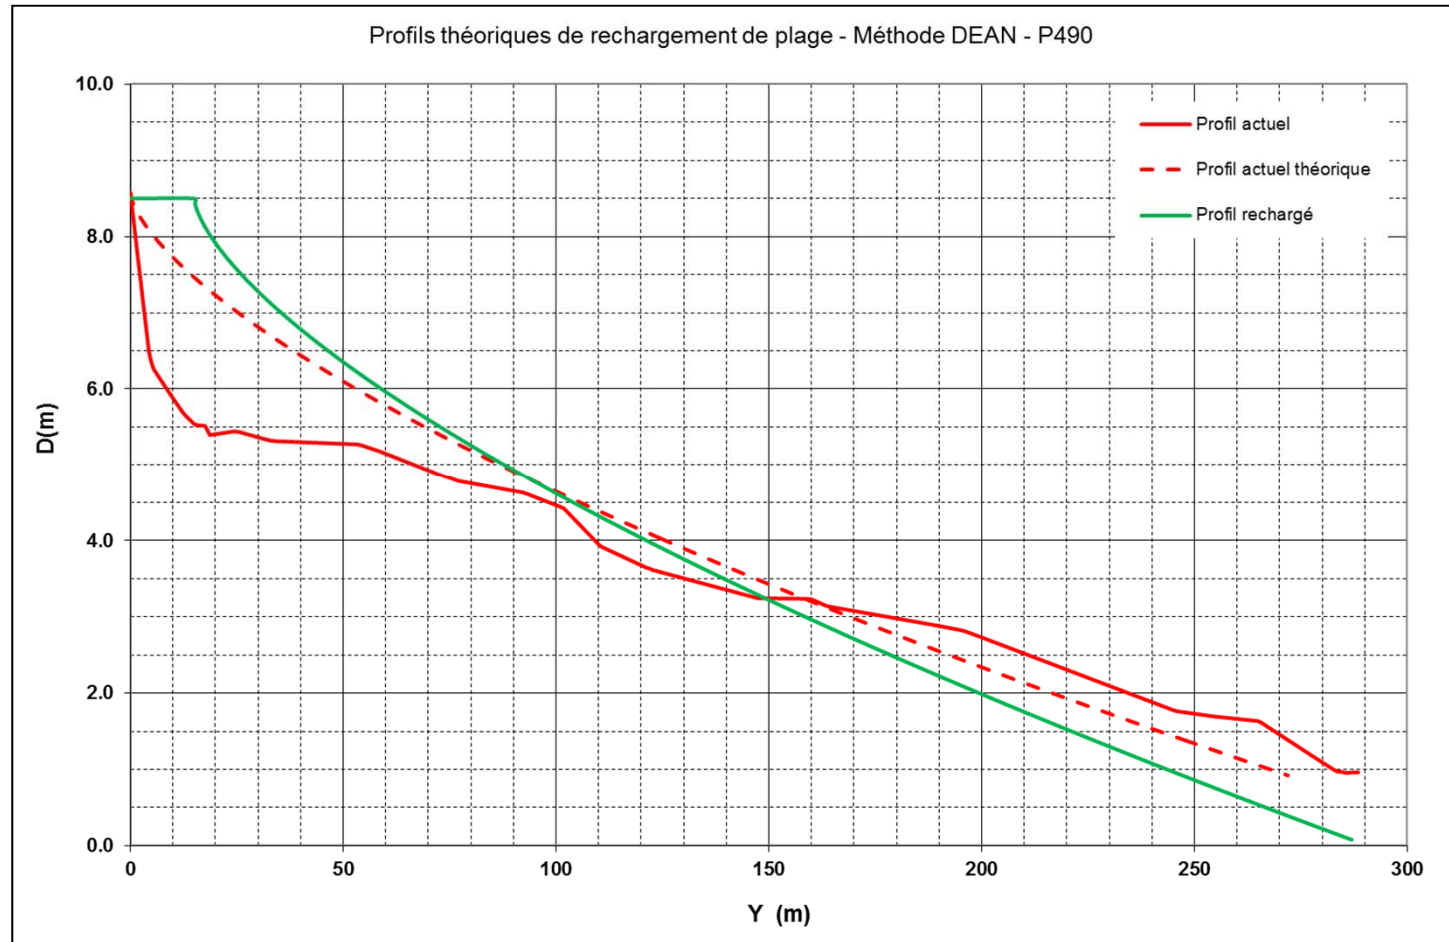

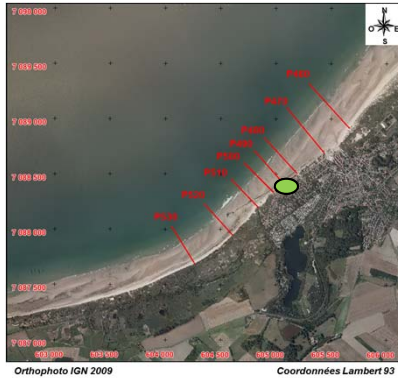

EGIS (2014)

Profil de rechargement théorique P500 – Sc2

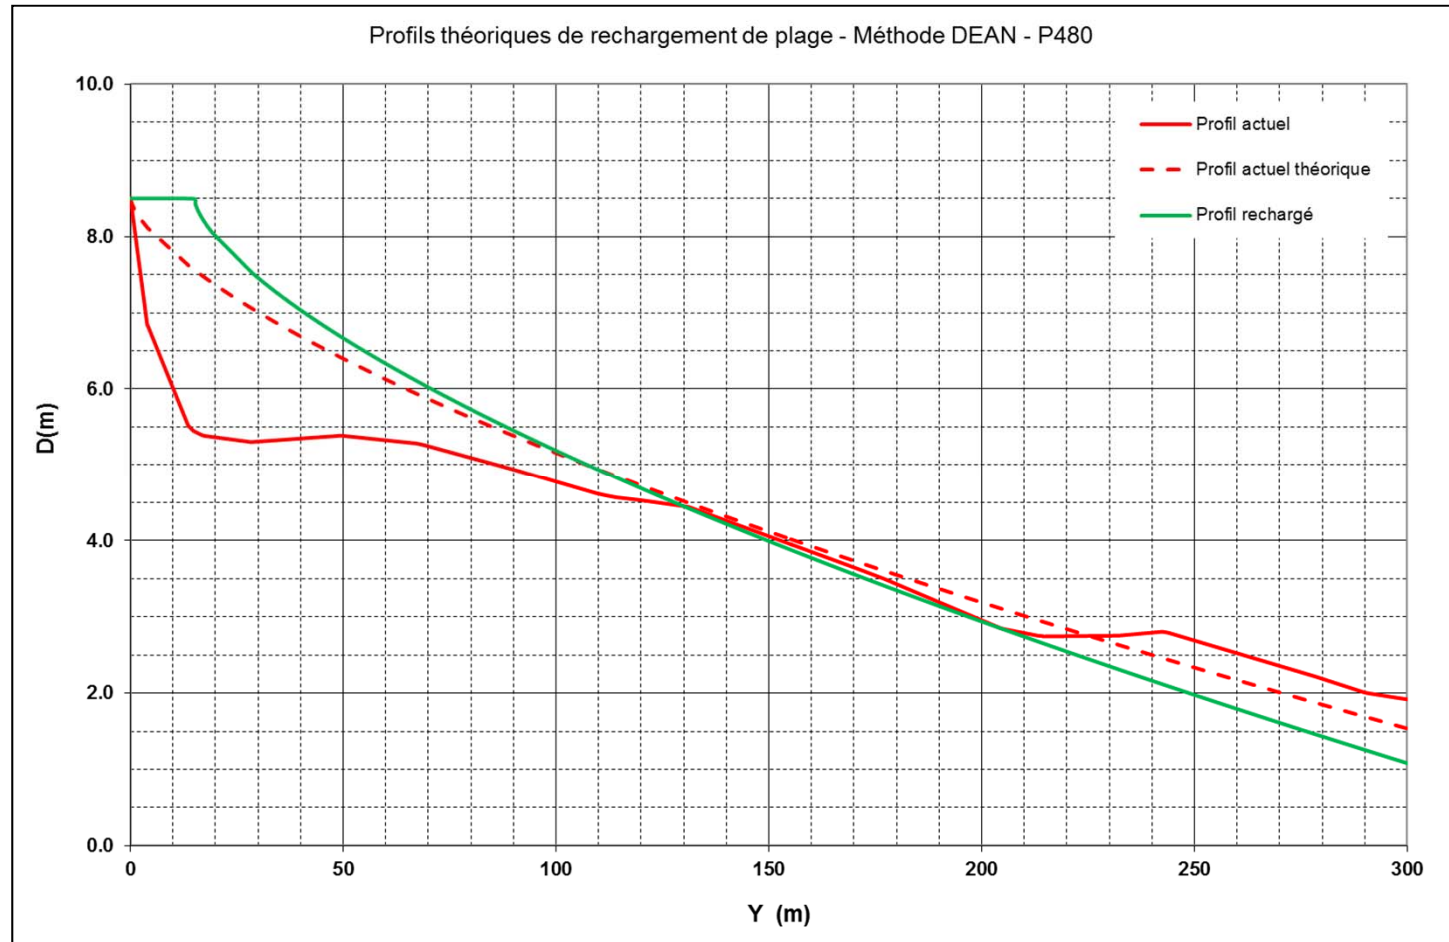

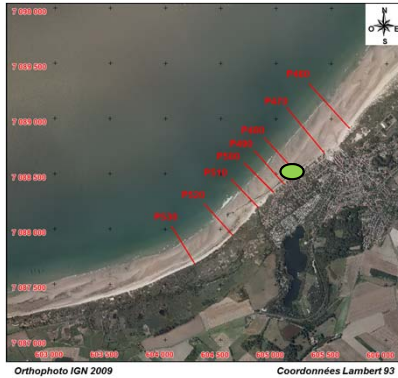

EGIS (2014)

Profil de rechargement théorique P490 – Sc2

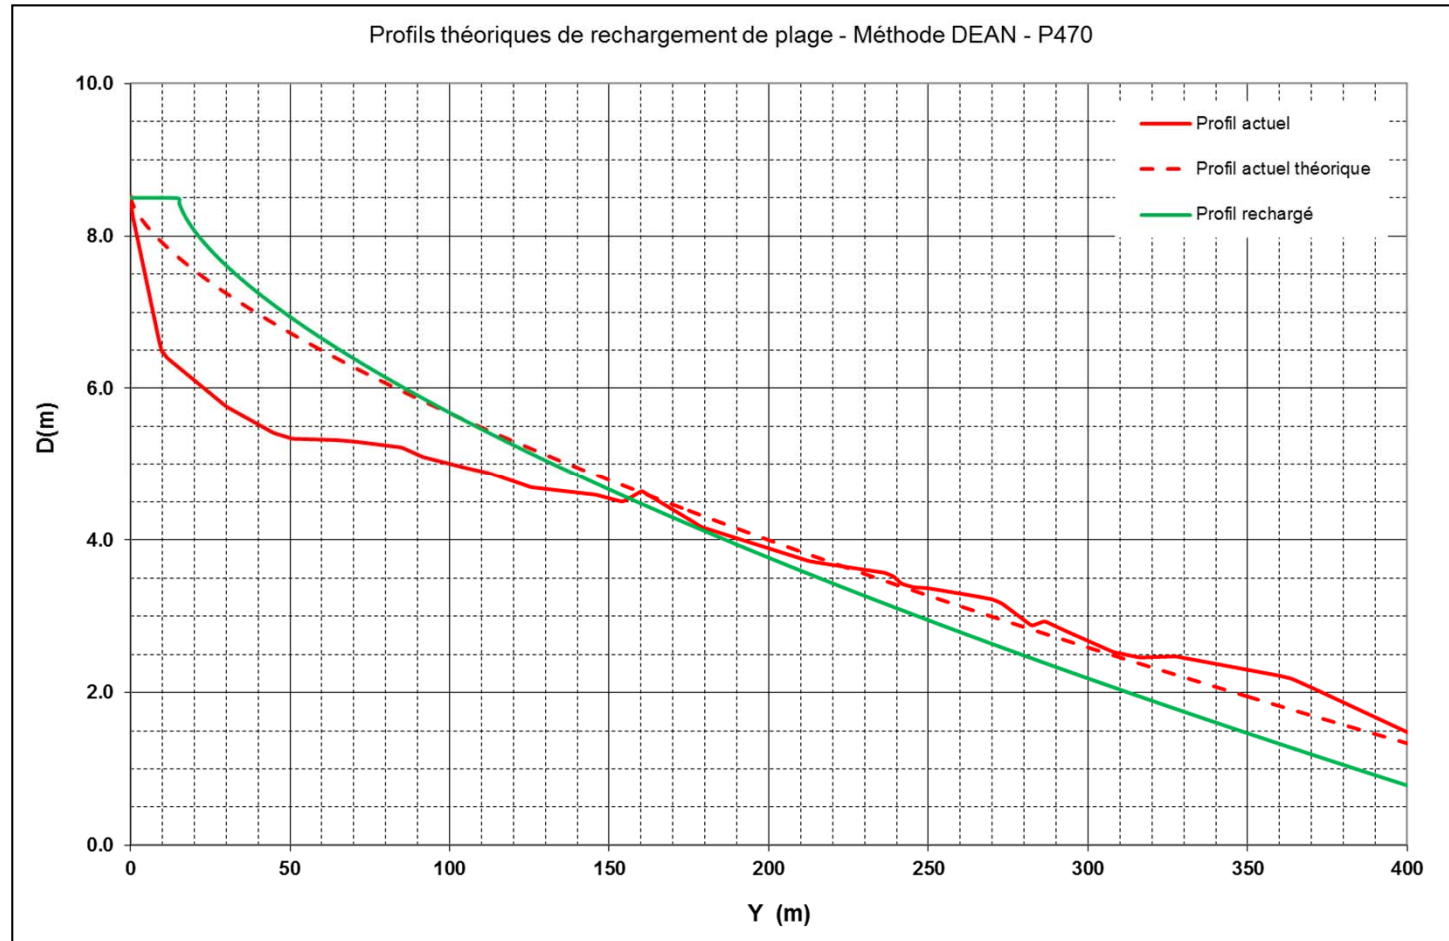

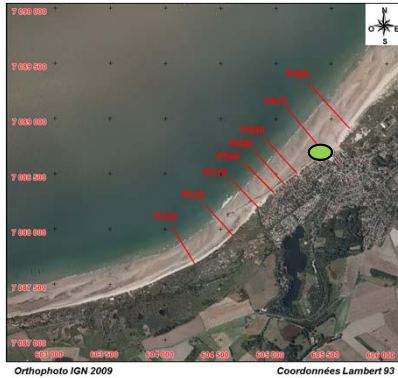

EGIS (2014)

Profil de rechargement théorique P480 – Sc2

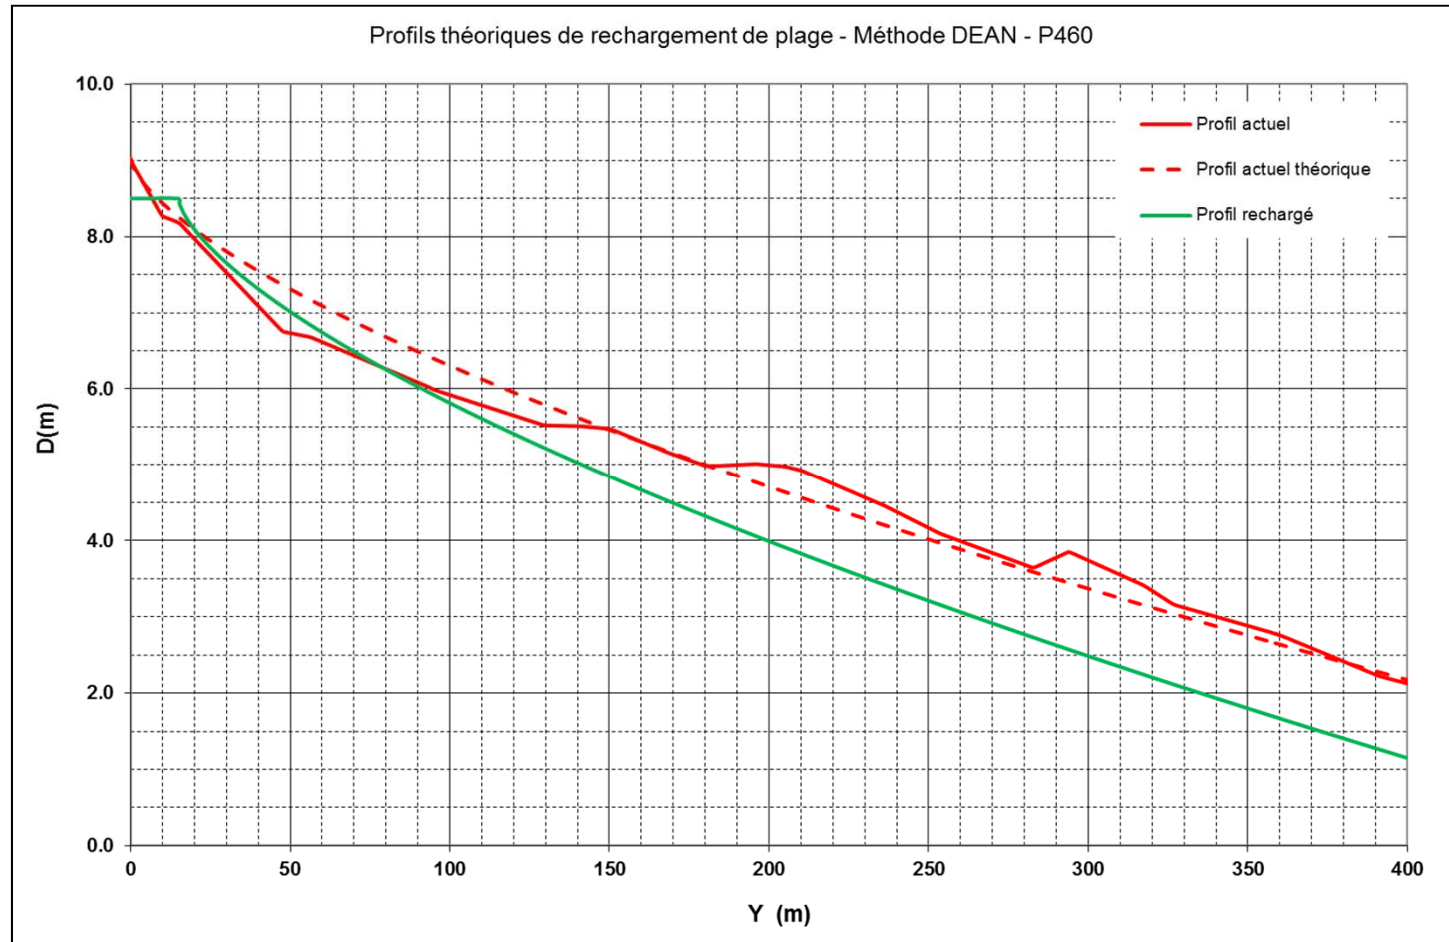

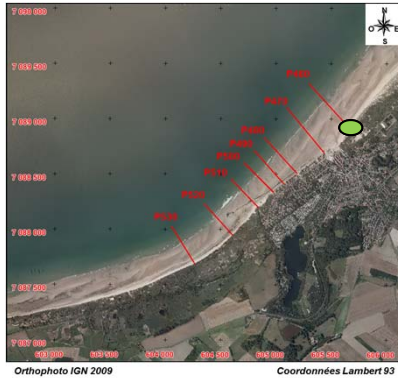

EGIS (2014)

Profil de rechargement théorique P470 – Sc2

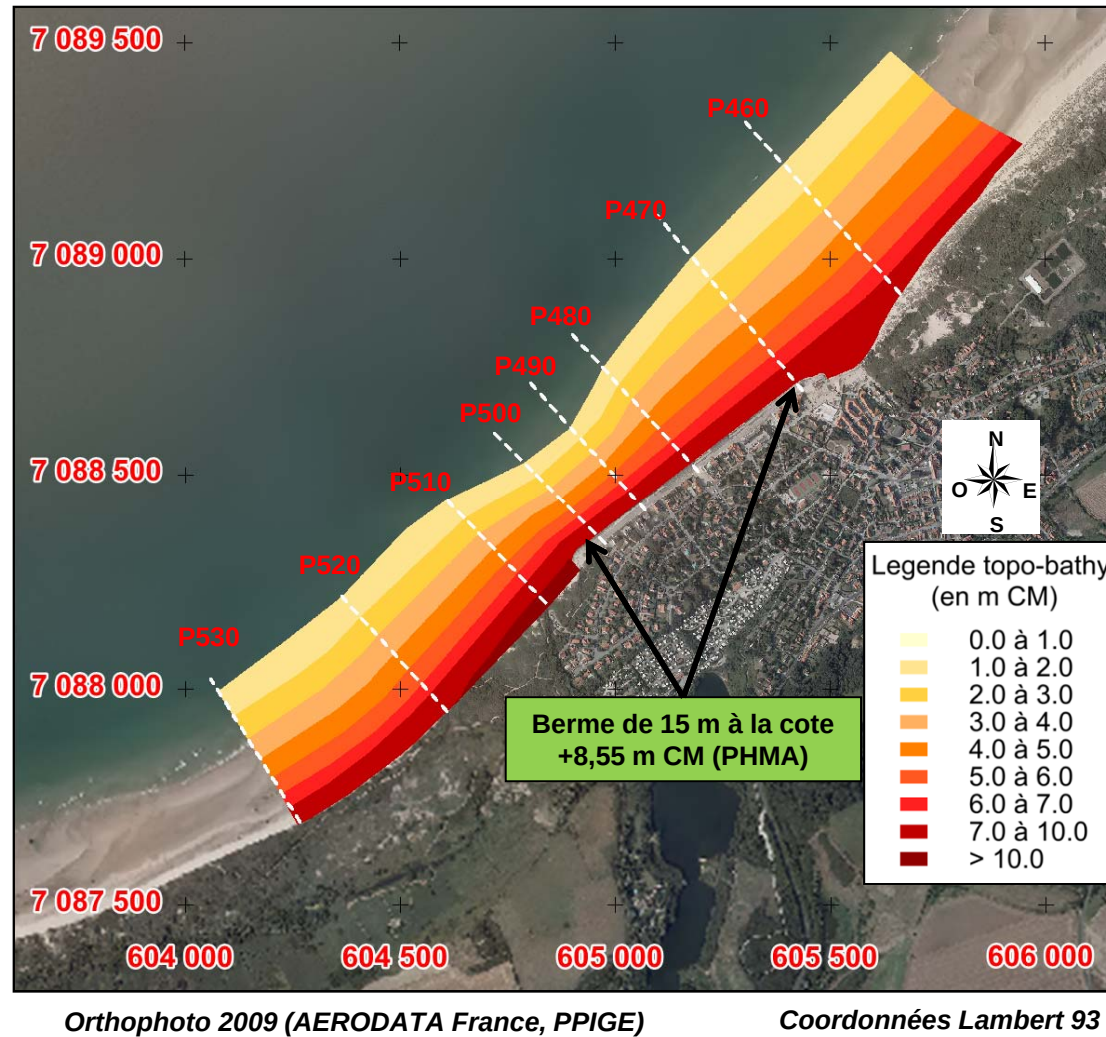

EGIS (2014)

Profil de rechargement théorique P460 – Sc2

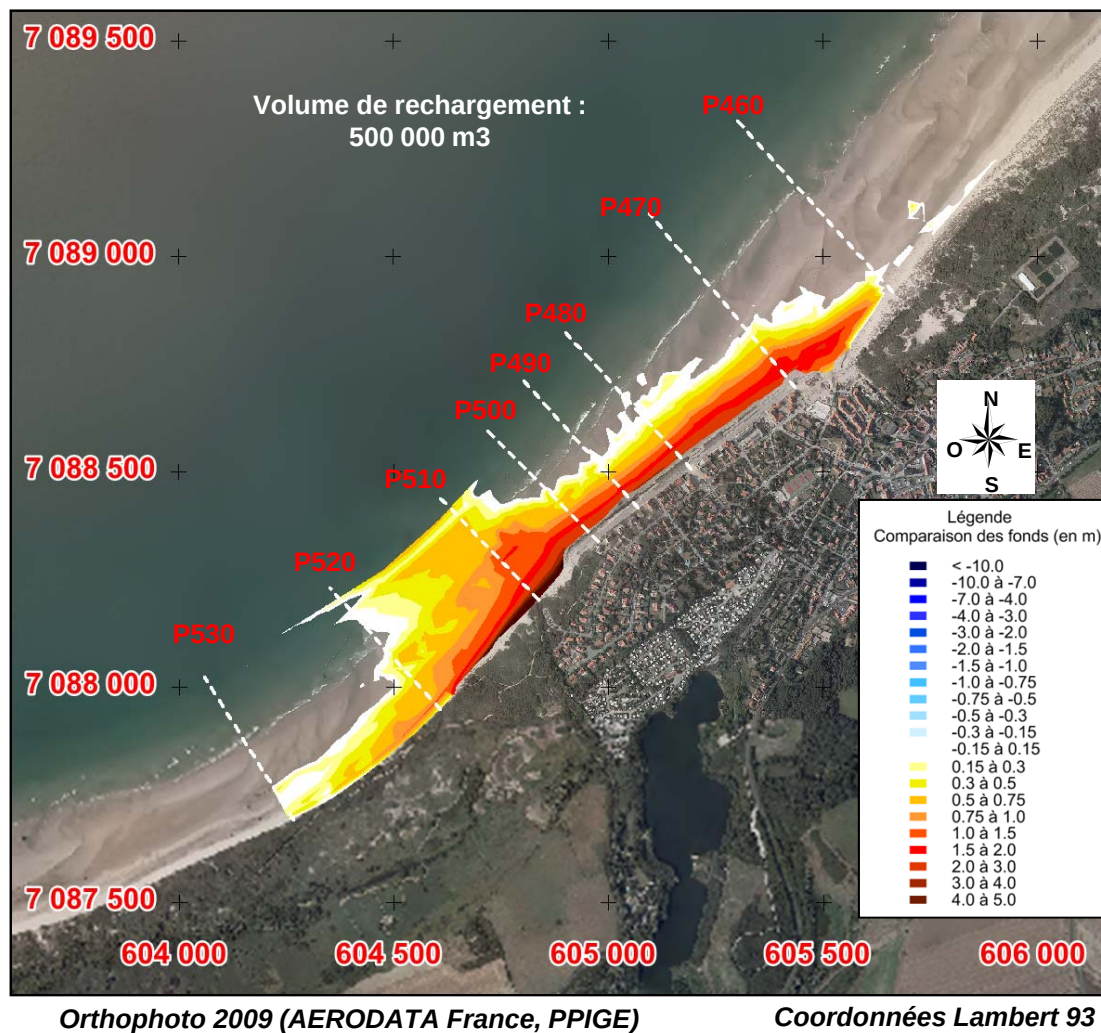

EGIS (2014)

Bathymétrie théorique après rechargement – Sc2

Différentiel entre la bathymétrie théorique rechargée (Sc2) et la bathymétrie de 12/2013

Facteurs de rechargement
